Read Executive Engineer's docket No. 337, dated 24th May last, forwarding copy of Chief Engineer's docket No. 2156, dated 20th idem and subsequent correspondence regarding funds required for metalling and constructing tunnels on the Sagar-Siralkoppa road. While the Board recommended certain Local Fund* roads, costing annually Rs. 6,700 for their repairs being transferred to Provincial Funds, two system of roads in the Sagar and Channagiri Taluks estimated to cost 5 and 1½ lakhs of rupees respectively were sanctioned to be worked out, out of the District Funds.

The Chief Engineer states that unless the grant to the Public Works Department from the Provincial Funds is increased, the two systems of roads cannot be taken over by his Department.

Resolved that the Government be solicited to increase the grant from the Provincial Funds for the purpose. Further to order the transfer of the said Local Fund roads for their maintenance to the Provincial Funds. The Board respectfully urge once more that unless they are helped in the manner above indicated they are not in a position to meet the expenditure (Rs. 15,055) now sanctioned on the Sagar-Siralkoppa road or even to incur the usual annual expenditure and to complete several important road systems which could not be completed for years simply for want of funds, *vide* Memorandum attached.

1. Nadig Timmappa of Honnali. 2. Hosabale Timmappa of Sorab.

Memorandum to accompany the Resolution No. I of the Proceedings of the Special Meeting of the Local Fund Board convened on 3rd July 1893.

In Government Order No. 1125-6—47 of 2nd May 1890, the proposals of the Board for utilizing annually Rs. 30,000 for works benefiting the District out of the large balance of Rs. 1,06,486 for the year 1890-91, were sanctioned. In accordance therewith the following useful works were started and some of them completed, while others have far advanced :—

	Name of Work.	Estimate.	Expenditure to June 1893.	Balance.
1	Bridging Kumadvati River near Shikarpur	45,737	44,684	1,053
2	Do Haridravati River between Sagar and Kallurkatte ...	37,009	34,479	2,530
3	Do Siralkoppa-Hanagal road	37,305	36,113	1,192
4	Do Anantapur-Shikarpur road, 1st Section	14,263	14,362	Completed.
5	Opening out Koppa-Tirthahalli road	27,400	25,325	2,075
6	Avinahalli-Karur road	32,249	21,199	11,050
7	Talaguppa-Aralagod road	33,730	23,132	10,598
8	Sulikere-Sasalu road	13,490	6,718	6,772
9	Channagiri-Malebennur road, 3 Sections	57,211	21,791	35,420
10	Bridging Amachihalla between Sagar and Siralkoppa ...	12,722	12,797	Completed.
11	Do Warada do do	15,826	15,801	Completed.
	Total... ...	3,26,942	2,56,401	70,690

2. From the above it will be seen that the total sanctions amounted to Rs. 3,26,942 and expenditure to June 1893 to Rs. 2,56,401, leaving a balance of Rs. 70,690, for which a provision of Rs. 14,900 is sanctioned in the Budget for 1893-94. This is nearly $\frac{1}{4}$ of the balance sanctioned which is not enough to push on with the works. The incomplete works have so far advanced that it is necessary to complete them as fast as possible to save damages to work already done and to make the several roads opened useful for the public.

3. Of the works enumerated above, items 1 to 3 are nearly completed, items 4,10 and 11 are quite completed, items 5 to 9 being openings of new roads are incomplete. They are fully opened and formed but partly and tunnelled and gravelled.

4. So far we have been able out of the large balance of Rs. 1,06,486 and with the annual receipts to complete 5 important bridges and to open up 78 miles of new lines of communication to complete and extend which we now fall short of funds. Further there are three important roads already opened some years back, but left unbridged for want of funds. They are (1) Anantapur-Tirthahalli, (2) Anantapur-Kallurkatte and (3) Honnali-Shikarpur road.

5. In the Budget estimate of receipts for 1893-94, the total under all the heads amount to Rs. 88,090. With the recurring charges as detailed in margin amounting to Rs. 43,632 there remains a balance of Rs. 44,458 to be expended on original works. With the usual establishment charges, this small balance is not sufficient to provide adequately for the works in progress and to take up the extension and completion of many much desired roads in the District notably the Sagar Malnad and Channagiri systems. Traffic on our District Fund roads has been increasing year by year and several of them require special attention. The roads which have been heavily worked are :—

Civil charges ...	15,527
Repairs of roads ...	28,105
Total... ...	43,632

(1) Sagar-Siralkoppa. } Important Railway feeders between Sagar, Sorab, Malnad and
(2) Siralkoppa-Hirekerur. } Byadgi.
(3) Shimoga, Sorab-Sirsi.

and their condition is anything but satisfactory. Gravel obtainable in many places is indifferent and metalling cannot be resorted to from the small allowances allotted annually. An estimate for metalling the very urgent road between Sagar and Siralkoppa though sanctioned by Government on 8th June 1893, has been kept by for want of funds. Under these circumstances the Board recommend for the consideration of the Government that a special grant may be made from Provincial Funds for the two systems of roads in Sagar and Channagiri, as the Public Works Department Secretary in his No. 2118—368 of 19th May 1893 to the Chief Secretary has opined that with the present Provincial grant for the District it is not possible to take up the roads under Provincial.
